

Website Overview File

Welcome to the website overview information page. This is a pdf file that you can view online or download and print out if you wish. Here we will give you a quick overview of the different aspects of our websites – showing you what they are and how they work.

Below is a snapshot of the top section of your school's website with each section labelled.

The contact details area of our sites not only provide you with address, telephone and email contact details but the information in this area is also interactive. If you are viewing the site on a mobile phone you can, for example, touch the telephone number and it will open up your phones dial pad, add the number into it, and then all you have to do is to press the dial button and you'll be ringing the school. If you're using a phone or tablet device or PC or Mac to view the website then clicking on the email address name will open up your email application software and the school's address entered for you so that you can send an email to our school.

Contact Details

Address: Portington Road, Eastrington, Goole. DN14 7QE
Tel: [01430 410219](tel:01430410219) Email: eastrington.primary@eastriding.gov.uk
To find out where we are visit view a map on our [Contact Us](#) page.

Join 4 other subscribers Email Address Subscribe Register – RSS Feed • RSS Feed • Login

At the bottom right, there are social media icons for Facebook, Twitter, Google+, and RSS.

Email subscription service.

Here you can ask the website to send you an email each time something new is added to the site. Once you've added your email address and clicked on the Subscribe button you'll then be sent an email that you have to open. In it is a link to click on to verify your address and finish the free subscription process.

Social Media Follow Links

You can follow us on social media. Your school will have chosen which social media options to have, so not all of the links you see here on this guide will appear on your site. If you do have an account, such as Twitter or Google+ etc. and you want to follow the website's posts via your mobile phone, iPad, etc. Then just subscribe to it by clicking on the icon appropriate to you.
