

Introduction to FASD Training on Tuesday 23rd June 2026 at 1pm - 2pm

Join us for a free 1 hour online introduction to Fetal Alcohol Spectrum Disorder (FASD).

This session provides a basic overview of FASD, helping participants develop a greater understanding of how prenatal alcohol exposure can impact a child's development, behaviour, learning, and daily life. The training includes a short presentation followed by an opportunity to ask questions during a Q&A session.

Suitable for parents, carers, family members, and professionals who would like to build their knowledge and confidence in supporting individuals with FASD.

Whether you are new to FASD or looking for a refresher, this session offers a welcoming space to learn and ask questions.
